

NEIGHBORHOOD ADVISORY

Montgomery County Department of Public Works and Transportation is Upgrading a Shared Use Path on the East Side of Baltimore Road, between the City of Rockville Limits and 2181 Baltimore Road

Project Overview

The Montgomery County Department of Public Works and Transportation is upgrading the existing shared-use path on the east side of Baltimore Road, from Parkvale Road to the Saint Mark's Methodist Church parking lot driveway at 2181 Baltimore Road. The shared-use path upgrade is taking place in Montgomery County and in the City of Rockville jurisdictions. The Montgomery County Department of Public Works and Transportation is funding the path upgrade. The purpose of this notice is to notify residents about path upgrading taking place within the City of Rockville.

Path Upgrades in the City of Rockville

On Baltimore Road, between the Rockville city limits and Ashleigh Woods Court, the path is being widened to 5 feet and the asphalt path will be replaced with concrete. Along the frontage of the Ashleigh Woods Court homes, the 6-foot-wide asphalt path is being realigned and retaining walls and handrails are being installed on some portions of the path. Along the Saint Mark's Methodist Church frontage at 2181 Baltimore Road, the asphalt path is being widened to 6 feet. For more details, please see the map on the reverse side of this page. **The shared-use path upgrade began the week of July 24, 2006 and should be completed in early September 2006, weather permitting.** The shared-use path upgrade supports the City of Rockville's ongoing effort to improve pedestrian accessibility and to create safer routes for students walking to Rockville High School and to Meadow Hall Elementary School.

If you have any questions about the project in the City of Rockville, please contact Carrie Sanders, Transportation Planner, at 240-314-8529 or csanders@rockvillemd.gov.
